Expected: October 2020

Full Sail University

Winter Park, FL

Degree: Bachelor of Science

Major: Digital Cinematography

Graduated: August 2019

Rochester Institute of Technology

National Technical Institute for the Deaf

Rochester, NY

Degree: Associate in Applied Science

Major: Design and Imaging Technology

Graduated: May 2017

PROFESSIONAL CHARACTERISTICS

Multi-tasker, problem-solver, creative thinker, hungry for knowledge, honest, organized, analytical, interpersonal, and adaptable.

RELEVANT EXPERIENCE

Into The Night - Short Film

December 2017 • Winter Park, FL

Still Photographer

Worked with the crew as a behind the scenes photographer and took the shots for the short film called Into The Night. I edited and then distributed the photos with the crew.

Tiger Media

August 2015-May 2016 • Rochester, NY

Tiger's Next Top Model Producer / eBoard

Shot videos and took photographs of campus events. Responsible for recruitment and hiring of the committee. Organized and attended weekly eBoard meetings.

Gallaudet TV Production

January 2014-June 2014 • Washington, DC

Production Internship

Worked closely with the production team and set development; assisted in the production office with general tasks; responsible for keeping camera in focus while shooting.

Calvert County Health Department

January 2017-May 2017 • Prince Frederick, MD

Media Intern

I met with each department supervisor to gather data on what topics they were interested in me promoting or designing educational materials for. I developed posters/brochures based on their needs and also developed materials to promote each awareness month.

Seasonal Stewardship Program (SSP), Northwest Youth Corps

June 2016-August 2016 • San Juan Island, WA

Crew Member

Actively participated with a team of five collaborating on various conservation projects with the conservation corps as well as land and water resource management agencies.

Junior National Association of the Deaf (Jr.NAD)

August 2013-June 2014 • Washington, DC

President

Organized National Meeting held 2014. Chapter focused on advocacy, attitude, awareness, commitment, cooperation, and exchange of information. Developed leadership skills among chapter members.

TECHNICAL SKILLS

Photoshop

Prepare photographs, retouch, image restoration, unsharp mask, color corrections, effects, create layout for design, decrease the noise, and colorize.

InDesign

Typography, page layout, create graphics, make tables, and digital publications.

Acrobat

Create, convert, and make pdf files.

Lightroom

Enhance lighting effects in photos by using various filters, edit photos, able to print through this software, importing, organizing, presets and make a slideshow for website.

Premiere

Editing, trimming, and refining. Using basic effects. Manipulating clip speed and using color correction tools. Working with titles. Sharing and exporting. Basic audio editing.

Illustrator

Draw, design, and create the vector graphics by using pen tool, able to create layers, color, digital, typography, shapes, and logo designs.

After Effects

Create compositions, lower third graphics, and animate.

Other: Final Cut Pro X, Compressor, MM Scheduling, MM Budgeting, Final Draft, Adobe Media Encoder, Frame.io, and Microsoft: Word, PowerPoint, Excel, and Outlook.
