EXPERIENCE

2024-2025

Director & Screenwriter

Dungeons In Dissociations

I wrote and edited 7 draft scripts for – and directed and co-produced a 3-day production and 15-week post-production of – a 5-minute thesis short film at SCAD, where I managed a crew of 25, had to meet incredibly tight deadlines, and assisted in running the film’s social media accounts and fundraisers, which raised approximately \$1500 (triple the film’s budget).

2023-2024

Creative & Line Producer

Friends

I guided a student short film project through 10 weeks of pre-production and 3 days of production as one of the film’s producers, where I was a key voice of professional critique and conflict resolution. I handled the project’s organization of files and schedules and also assisted the production sound crew during the second 2 days of shooting.

2022-2023

Game Developer & Designer

Arcanum Incantatum: Arenas of the Mad Magi

I was the lead developer and designer of the board game and oversaw its playtests at conventions, its social media and fundraisers, and its release.
